Authority and Reference: Pursuant to the authority vested by Section 2615 of the Business and Professions Code, and to implement, interpret or make specific section 2633, and 2655, the Physical Therapy Board of California is considering changes to Division 13.2 of Title 16 of the California Code of Regulations as follows:

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

1) Adopt section 1398.12

Business and Professions Code section 2633 authorizes the Board to establish the use of an initial indicating possession of an earned academic degree. Business and Professions Code section 2655 establishes educational requirements for the profession of physical therapy.

There are varying levels of education achieved amongst those licensed in the physical therapy profession since the academic levels of physical therapy education have advanced from the Baccalaureate degree. Therefore, licensure cannot be assumed to be synonymous with the academic degree.

The PhD, doctorate in philosophy and now the DSc, doctorate in Science, as well as professional doctoral degrees in medicine, dentistry, nursing, education, physical therapy, etc. are all individuals with advanced degrees and are entitled to be referred to as "Doctor." Equally entitled, the consumer should have the freedom to choose their physical therapist based on academic preparation. Therefore, the physical therapist earning the academic title should be identified to the consumer as such by prefixing his or her name with "Doctor in written communication, including a badge bearing the licensee's name, if the name is followed by an unabbreviated specification of the applicable doctorate degree held by the licensee or, in spoken communication, the speaker specifies he or she is a physical therapist.
